THE URSULA SPECTRUM

ARISE SHINE

“Rebooting Mother Earth”

Foreword by Head of Department of EVS

Dear Children,

We live in a time when consumption is easier than ever. So is waste. Many of us summon groceries and household items, essentials and non essentials from our computers and even our phones and have them delivered within the hour. This convenience unthinkable on such a scale even 50 years ago, has created a consumer culture with single use mindset. We're used to disposable things, we take our ease of access to mass produced material goods for granted. We're taking the planet for granted too. This year's observance of world environment day will be on the theme of "Ecosystem Restoration and focus", on resetting our relation with nature.

So, my dear children and teachers let us sensitize ourselves towards the climatic changes, global warming, biodiversity loss. If the rate of plastic pollution of the world's ocean continues unchecked, by the year 2050, they will contain more plastic than fish by weight. We don't want it to happen so let us all join hands and protect our future.

Foreword by Head of Department of Arts & Craft

Dear Teachers and students,

Welcome to the field of Art and craft.

Art and Craft is a subject taught in schools and colleges that is about developing the artistic abilities in children. This is sometimes a slightly neglected subject in many cultures and educational systems. But there is increasing evidence that shows the importance of Art and Craft in the education of children. It is also important for adults of all age groups. Art and Craft practice helps develop the right side of the human brain which deals with creativity, emotional intelligence, intuition, imagination and all the softer social skills in our life. Practice of Art and Craft also increases the fun, enjoyment and quality of our lives.

Arts

The field of Arts generally involves activities like Drawing, Painting, Acting, Dancing, Performing, Sculpture, Drama, Theatre, Cinema, Photography, Fashion Designing, etc. Though all of these are specialized fields in themselves they have certain common attributes related to creativity and imagination.

Crafts

This field involves the activities like Paperwork, Woodwork, Origami, Metalwork, Jewellery making, etc. These too are all specialised fields in themselves. But they have common skills connected with the Psychomotor development of an individual.

School

Schools all over the world have Arts and Crafts classes. But there are huge differences in the way they are given importance in the overall education system. In some developed countries, Arts and Crafts are being given increasing importance because they are directly related with the emotional, creative, psychological, psychomotor development of the children. They are seen as tools for developing better children, better adults and a more harmonious population at large. But in many emerging countries of the world, due to competitive pressures and lack of development, this is not the case.

College

There are many colleges in today's world that provide specialized education and training in all the different streams of Arts and Crafts like Painting, Sculpture, Acting, Directing, Moving Making, Theatre, Dancing, Singing, etc. These colleges train individuals to become professionals in these particular fields. So develop your interest and become an artist.

Mrs. Reena Ravikumar
HOD, Arts

Foreword by Head of Department of Arts & Craft

“Art is something that makes you breathe with a different kind of happiness.”

Dear Ursulites,

Greetings to you all in the name of our lord and saviour Jesus Christ. Learning the arts and crafts doesn't just foster the creative development of a child, but also assists in advancing and refining his or her core skills, which in fact goes towards boosting academic achievement as well. Young artists can pursue their hobby can engage and increase a child's cognitive and critical thinking abilities immensely. Cognition refers to the brain's conscious mental activities, and includes thinking, reasoning, understanding, learning, and remembering. As such, the development of these functions is vital for all activities undertaken by a child.

All forms of art, including sketching or dancing, require and train the perseverance and focus of a child, making them absolutely essential in enhancing his or her cognitive development.

When teachers encourage children to put their creativity into practice they boost their capacity to focus and grasp the subject matter in hand.

Pursuing Arts and Crafts has the inherent benefits of encouraging a child to exercise flexible thinking, explore her individual creativity and enhance learning through fun. This is why it is extremely important for parents to motivate them to practise it with increased vigour and enthusiasm.

ACTIVITIES DONE BY GEOGRAPHY DEPARTMENT IN THE MONTH OF MARCH

ANKUR PRAKALP

Living in today's scenario there are lot of changes in the living world as we all know India is known As an Agriculture Country and one of the most important part is to know about how to grow the plants one such project was taken by St Ursula girl's high school some years back. But looking at today generation there are a lot of opportunities where the child can know about its own culture and to develop his own skill and that is through Ankur prakalp. In Ankur prakalp usually this is done in the month of June to September where we have Receive plenty of rain and sunlight aswell. During this time children are given an opportunity to know about every seed that can be sown and how to develop a habit of cultivating a small kitchen garden at their home they are also made aware about the various type of soils required to grow the plants and also to develop Nature.

They also get to learn about the opportunity to grow medicinal plants and know it's importance. For eg. Neem, tulsi, Alovera, etc. They learn many things from this process of germination of the seeds like names of plants, it's imporatance in daily life. All these are taught to them in a unique manner of demonstration by a small skit. This helps the children to take keen intrest and understand the need of growing plants in and around there house. Not only about the medicinal plants but they learn about other plants as well like mango,jamun,gauva, and many other plants which helps them to know the importance. I would like to encourage each and everyone that they should teach their children,siblings, family members to inculcate the habbit of Growing more trees. #Stay Green Stay happy

Drawing Competition

Drawing Activity - Topic -Save Planet

We Teacher's from Geography Department thank God for keeping us safe and secure during this difficult time.

Its giving us an immense pleasure to inform you that Geography department conducted drawing activity based on topic "Save Planet ".Students from class V participated with great enthusiasm and represented their thinking in form of drawing.

Planet is our first House and as we all know Precaution is better than cure its very important to take preventive measures . keeping this in mind and to inculcate the safety of planet in students topic was selected. We are glad that our Geography department has given this opportunity to our students learn grow flourish and to keep safe our first House (our planet).

Drawing Activity -Save Planet (Class -5th)

Online Poster Making

The students were told to collect information and pictures of minerals and rocks. The students collected detailed information on the topic. The Topic was for 6th class students. Through the activity students showed their active participation. The purpose of the activity was to bring awareness about the importance of minerals and rocks .

Information & Pictures of Minerals and Rocks
Class - 6th

POSTER MAKING COMPETITION

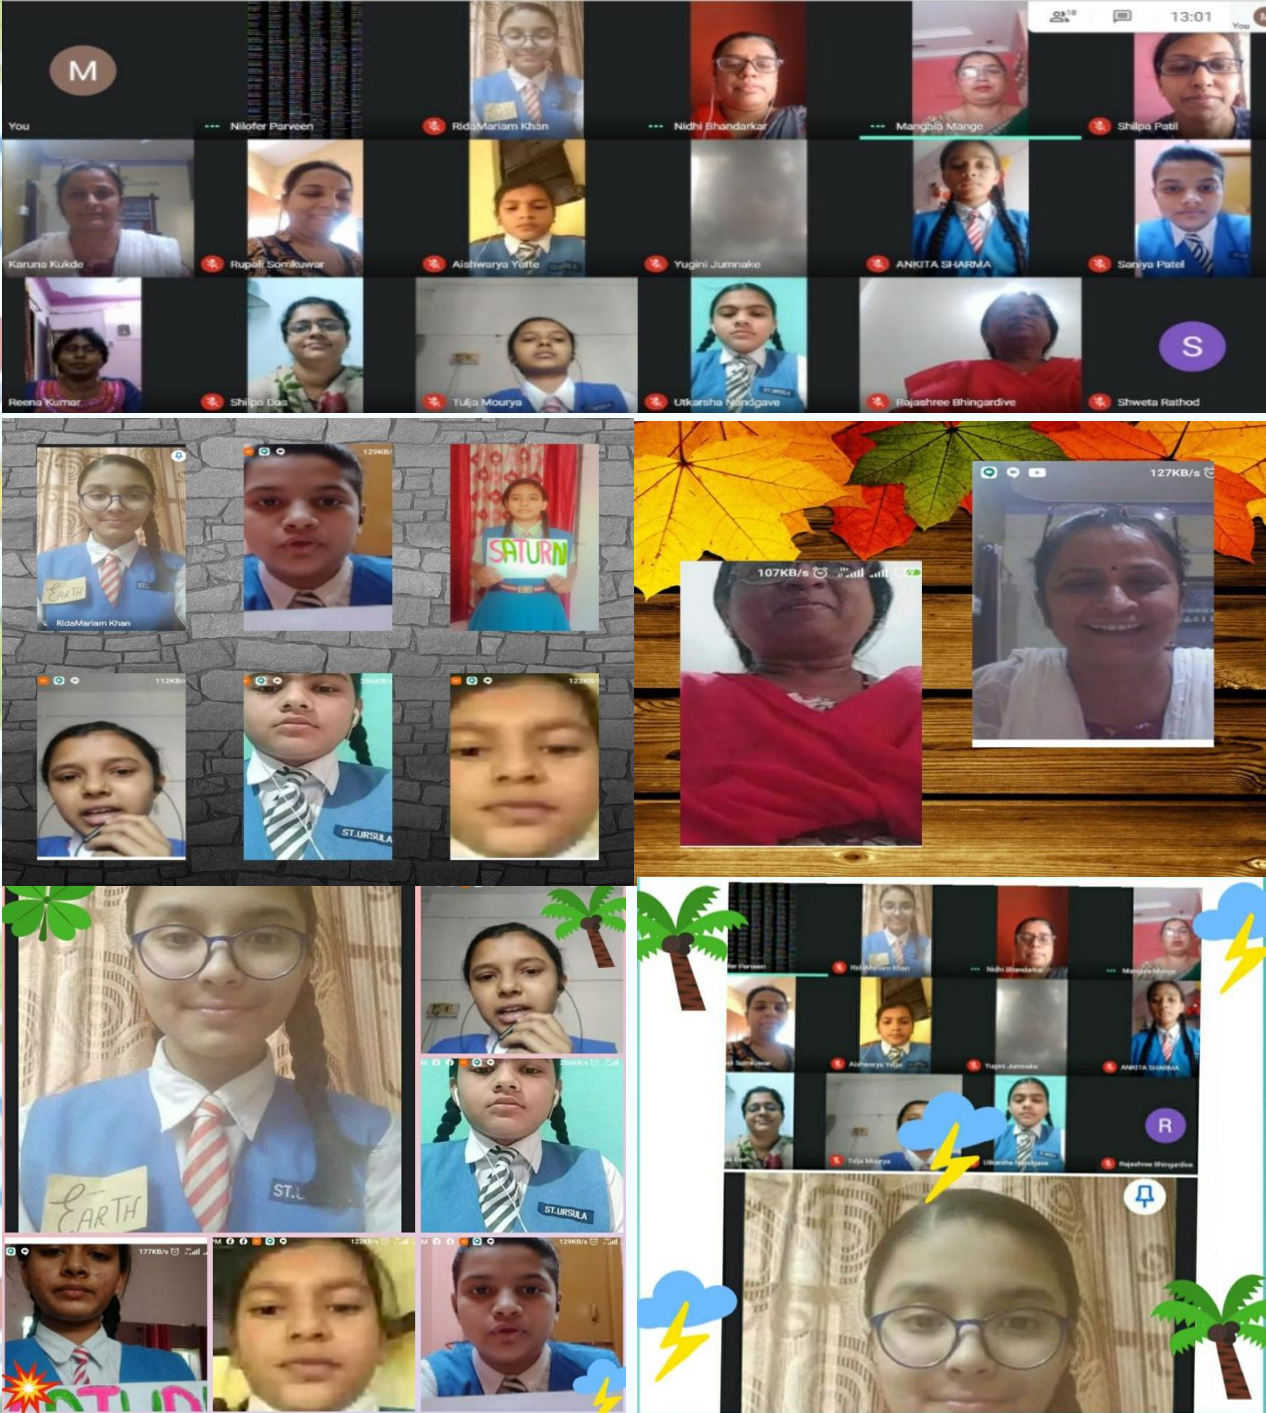

चित्रकला प्रतियोगिता वृत्तांत

फरवरी माह में भूगोल विभाग की ओर से कक्षा सातवीं की छात्राओं हेतु 'भारत की विविध ऋतुओं पर आधारित चित्रकला प्रतियोगिता का आयोजन किया गया। जिसमें कक्षा सातवीं की छात्राओं ने सुंदर अप्रतिम मनभावन चित्रों को अनोखे रंगों के प्रयोगों से सजीव किया। प्रतियोगिता विद्यार्थियों की परिकल्पना को साकार करने में सफल सिद्ध हुई। विशेष आभार शाला की मुख्य अध्यापिका श्रीमती रचना सिंह जी को जिनके विशेष मार्गदर्शन से कार्यक्रम संपन्न हो सका।

Online Quiz

Geography Quiz on the topic "State and Capital" was conducted on 6th March for the 8th class students .The students were told to study in detail about the states. Seven students had participated in the quiz .The names of the groups were kept on the names of the planets. The Quiz had three rounds. Participation of students was full of zeal and enthusiasm.

Power point Presentation

Power point Presentation had been conducted by Department of Geography for class IX . The topic was Natural Disaster and Man- Made Disaster for PPT .The response from the students was highly appreciable . Students enjoyed this activity and gained more informative knowledge about Disasters .

TOPIC:-MAN-MADE DISASTER

Name of the Student:-

- 1) Himani Thool
- 2) Prashansa Wahane
- 3) Shweta Mishra
- 4) Trushna Ninawa

INFORMATION ABOUT NUCLEAR DISASTER

An incident taking place in any nuclear facility of the nuclear fuel cycle including the nuclear reactor or in a facility using radioactive sources; leading to a large-scale release of radioactivity in the environment.

By-Shweta Mishra.

Class:-IXF

INFORMATION ABOUT BIOLOGICAL DISASTER

- Biological disaster define the devastating effects caused by an enormous spread of a certain kind of a living organism that may the spread a disease, virus or epidemic, examples- Locusts, plague.
- By-Prashansa
- Class:-IXF

INFORMATION ABOUT CHEMICAL DISASTER

- A chemical disaster is the unintentional release of one or more hazardous substances which could harm human health and the environment such events include fires, explosions, leakages for release of toxic or hazardous materials that can cause people injury or disability.
- By-Trushna Ninawa
- Class:-IXF

INFORMATION ABOUT FIRE ACCIDENTS

- Accidents caused by fire can result in serious injury and damage to personal property. These accidents can occur from faulty wiring, defective products, discarded cigarette left on flammable materials, and smoke detectors that fail to activate... Car fires trap victims inside a vehicle.
- By-Himani Thool
- Class:-IXF

सिंहगड

- पूर्वी कोंडाणा या नावाने ओळखला जाणारा सिंहगड हा किल्ला पुण्यातील एक सुप्रसिध्द व लोकप्रिय किल्ला आहे. हा किल्ला हवेली तालुक्यातील डोंणजे गावात आहे. हा किल्ला पूर्ण शहरापासून 25 कि.मी. अंतरावर असून तो 1290 मी. उंचीवर आहे. छत्रपती शिवाजी महाराजांचा विश्वस्त, व शूर सरदार तानाजी सातुसरे यांचे याच ठिकाणी म्हाल सत्तेची युद्ध झाले. तानाजी सातुसरेच्या मृत्युची बातमी ऐकून छत्रपती शिवाजी महाराज म्हणाले "गड आला पण सिंह गेला" त्यानंतर त्यांनी कोंडाणा किल्ल्याचे नाव बदलून सिंहगड असे ठेवले.

ताडाबा राष्ट्रीय उद्यान

- ताडाबा राष्ट्रीय उद्यान हे भारताच्या महाराष्ट्र राज्यातील पठार प्रदेशात असून ते पठार निलकाण्ठ आहे. याची स्थापना १९५५ साली झाली व महाराष्ट्रातील सर्वात पहिले राष्ट्रीय उद्यान आहे. उद्यानात आठवण्याच्या सगरी-सुसरी आणि गवा हे इथले मुख्य वैशिष्ट्य आहे.
- काही काळापूर्वी या उद्यानाचे व अनेक अभयारण्याचे संयुक्तीकरण होऊन त्याचे नाव ताडाबा-अपारी उद्यान पडले होते आणि व राष्ट्रीय उद्यानाचे श्रेणी वाढवण्यात आले आहे. अभयारण्याचे क्षेत्रफळ ११६ चौ.कि.मी. इतके आहे आणि इथले जंगल ५०% चौ.कि.मी. एवढे आहे.
- आजमितीस(सप्टेंबर २०१९) अभयारण्यातील रानगदांची संख्या १४३ आहे. गवे आणि सगरी-सुसरी येथील प्रमुख अकवण आहेत, त्याचबरोबर व्याघ्रपक्ष्यांमुळे बाघांचे आकषेणही वाढले आहे. सध्या उद्यानात ५० बाघ आहेत. त्याबरोबर विटका, भुवण्ड, जंगली कुकी अथवा कोळसुल, लख, उदकाजर आणि विविध प्रकारच्या रानमांजरी, हरणांच्या आदीत, नीलगाय, सांढ, फिख, ओर, कोर, पोशिगा, गवे व खास विदमतेत आठवण्याची चिचुरी नावाची हरणाची अतिशय

ऐतिहासिक ठिकाणे

- महाराष्ट्र राज्याची ओळख इथला इतिहास, संस्कृती, भाषाशैली आहे. ज्यामुळे या राज्याला आजही समृद्ध ऐतिहासिक आणि सांस्कृतिक ठिकाणांचा वारसा लाभलेला आहे. महाराष्ट्रातील ऐतिहासिक स्थळे पाहून तुम्ही महाराष्ट्राचा इतिहास जाणून घेऊ शकता. ही महाराष्ट्रातील ऐतिहासिक स्थळे तुम्हाला हा इतिहास आजही सांगू शकतात. या ठिकाणी असलेल्या ऐतिहासिक खुणा अनेक वर्षांपूर्वीच्या आठवणींचा नकळत मागोवा घेऊ लागतात. वस्तुशास आणि स्थापत्यशास्त्राचा अभ्यास करण्यासाठी ही पर्यटन स्थळे नक्कीच परफेक्ट आहेत. यासाठीच आम्ही तुमच्यासोबत महाराष्ट्रातील काही महत्त्वाच्या ऐतिहासिक स्थळांची माहिती शेअर करत आहोत. ज्यामुळे येणाऱ्या पुढच्या पिढीला महाराष्ट्रातील ऐतिहासिक स्थळांची नावे नक्कीच माहीत होतील.

या सुवर्ण संधीबद्दल धन्यवाद

पूजा सुतार

IX B

An **accident** taking place in any **nuclear** facility of the **nuclear** fuel cycle including the **nuclear** reactor, or in a facility using radioactive sources, leading to a large-scale release of radioactivity in the environment.

“Online Movie”

The students were told to watch the movies on earth ,Andaman and Nicobar Islands later told to solve the Questionnaire given to the students based on the movie. The Topic was for middle school and high school .The movie was motivating and inspiring. Students actively participated in the above said .The purpose of the activity was to bring awareness about our Planet " Earth" and about Andaman and Nicobar Islands .

Webinar

On 15 March 2021, Geography department organized a webinar for the teachers.Lt.Dr.Malti R.Anuj was the resource person. The webinar was a big success as minute intricacies of the subject was discussed . The objective of the webinar was to develop a geographical temperament in both teachers and students. Introduction and welcome of the guest was done by Ms.Nidhi Bhandarkar. Vote of thanks proposed by Ms.Malini Thorat.

Special thanks to the Principal Mrs Rachna Singh, supervisors Ms.Rajshree Bhingardive and Ms.Meenakshi Dongre for the support and motivation.The program was a success under the able guidance of Geography HOD Ms.Karuna Kukde, who was well supported by the geography co- teachers.

Techniques to Remember Capital of State

Dear students, I think everyone loves travelling and going outing but are you aware of your own country which has so much beauty in it's every corner. It's surrounded by scenic landscapes and a variety of flora and fauna. But where will you find it? To know about this we have to first know about our states and its capitals. You must have found it very difficult to remember the states and capitals of India, but today I am going to give you a very simple way to remember it. As you all know there are 29 states and 7 union territories but to remember this you need to have some techniques and here I am going to give you tips to remember states and capitals in a very simple way with the help of some simple words the words are :-

1. MUG 2. CAT 3. NO 4. BJP 5. RKSHW

let's see how to remember our states using these words.

No.	State	Capital
1	Andhra Pradesh	Hyderabad
2	Arunachal Pradesh	Itanagar
3	Assam	Dispur
4	Bihar	Patna
5	Chhattisgarh	Raipur
6	Goa	Panaji
7	Gujarat	Gandhinagar
8	Haryana	Chandigarh
9	Himachal Pradesh	Shimla
10	Jammu and Kashmir	Srinagar
11	Jharkhand	Ranchi
12	Karnataka	Bengaluru
13	Kerala	Thiruvananthapuram
14	Madhya Pradesh	Bhopal
15	Maharashtra	Mumbai
16	Manipur	Imphal
17	Meghalaya	Shillong
18	Mizoram	Aizawl
19	Nagaland	Kohima
20	Orissa	Bhubaneswar
21	Punjab	Chandigarh
22	Rajasthan	Jaipur
23	Sikkim	Gangtok
24	Tamil Nadu	Chennai
25	Telangana	Hyderabad
26	Tripura	Agartala
27	Uttar Pradesh	Lucknow
28	Uttarakhand	Dehradun
29	West Bengal	Kolkata

So didn't you find it interesting . Yes let's use this time of the pandemic and lockdown to learn about our states and their capitals. This will be helpful to you later too when you give competitive exams.

Techniques to Remember Geography

There are two types of geography: physical geography and human geography. Physical geography is the study of the earth's physical characteristics and processes, including climate and weather systems, rock formations, oceans and the shifting of tectonic plates. The branch of geography that most students will study at some point in their high school or college career is physical geography. The study of physical geography revolves around the questions "Where?" and "Why?". It usually begins by attempting to answer "Where?" Where are continents located? Where are the oceans? Where are the seas, major rivers, etc? As you progress in your study of geography, you'll extend this investigation to include topography, natural resources, and of course, human civilizations - countries, cities and towns. Once you've gotten a hand on the WHERE, you'll begin to address the WHY. Why are continents located where they are? What forms the oceans? How does plate tectonics work? Why do people choose to live in certain areas? Is it due to the availability of natural resources, ease of transportation, climate, or other factors? Below we'll explore tips, skills and strategies that will help you study and learn geography more effectively and efficiently.

Employ memory techniques.

Our world is home to 5 oceans, 7 seas, 7 continents, 179 major rivers, 196 countries, over 300 mountain ranges, 1,720 provinces and 4,416 recognized cities.

Mnemonic devices

Mnemonic devices are a form of association that enables the human mind to associate something new or unfamiliar with something familiar. Mnemonic devices are often used by students to remember specific facts and details. They're also very effective for memorizing large lists of facts and data.

- **Organize the information** Organization is key to remembering information, especially geographical information. If for example you're trying to memorize the major river ways in the world, you may consider memorizing rivers organized by continent. It's easy to remember the continents. Once you memorize the rivers for each continent, you'll know all the major river ways in the entire world.

- **Use "chunking"** Chunking is another effective way for memorizing geographical information. You probably already use chunking strategies and don't even know it. It's relatively easy for your brain to memorize a phone number (916-422-7667) or social security number (529-88-3324) using chunking. We "chunk" information when we break it down into small groups of three or four.

- **Visualize information** Visualization can be applied in two ways. First, it can be applied by creating images in your mind that relate to an abstract concept. Second, and more importantly, it is applied by associating geographical information with location, size and shape. For example, learning all 50 states in the United States of America is far easier when memorizing their location on a map, and associating them with their shape and size, than trying to memorize a written list.

- **Association** Association is the process of "connecting" a new, unfamiliar word, place, or object to something familiar. For example, if the new geographical fact is the German city Munich, and you're a real car buff, then you may consider associating Munich with the headquarters of BMW. Where is Munich? Munich is in Germany. The headquarters of BMW.

- **Frequent Reviewing** If you want to do well in your geography class, it's important that you frequently review your notes.

Remember the names of the 7 continents and 6 oceans:

Continents = Aunt Alice Always Eats Nasty Apple Soup.

Oceans = Apple Picking Is Awesome Sometimes.

A = Asia, Africa, Australia, Antarctica

E = Europe N = North America S = South America A = Arctic Ocean P = Pacific Ocean

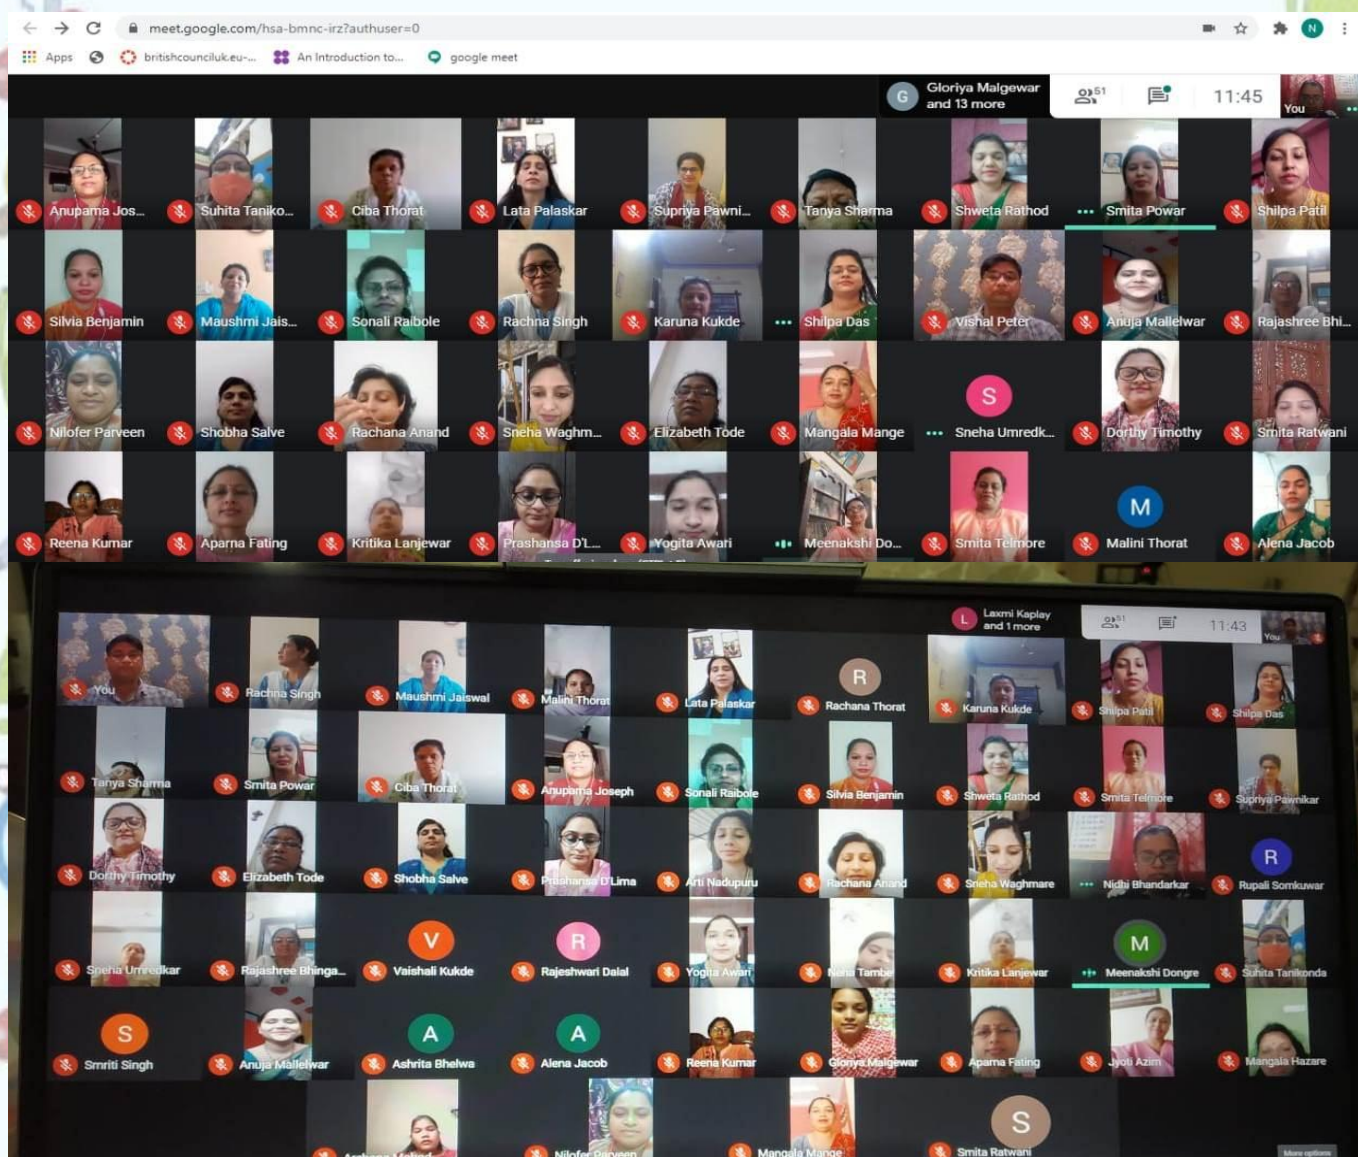

I = Indian Ocean A = Atlantic Ocean S = Southern Ocean

Online Womens Day Celebration

St. Ursula celebrated women's day on 8th March 2021 through Google meet .The theme for the year "Women on leadership achieving an equal future in a covid -19 World . Mrs.Parvati Joseph administrator of St. Ursula Girls high school enlightened on the role of women and their contribution in the society. Mrs.Smita Pawar threw light on the characters of women in the bible. Mrs.Alina Jacob presented PPT on how women take lead in helping the family ,adjusting with new realities and challenges. Mrs.Anuja Mallewar presented a melodious song highlighting the struggles of a woman and her efforts to overcome the hurdles in life. Principal Mrs. Rachana Singh encouraged everyone to be responsible . Mrs. Shilpa Das anchored the program. Mrs. Shweta Jachak proposed the vote of thanks .

<https://youtu.be/xcerwONIQ1g>

Lenten Prayer Meeting

St Ursula Girls High School conducted Lenten prayer on Friday, the 5th March 2021. The speaker was God's anointed servant from Mumbai, Ps. Naresh Juthani. The prayer meeting began with opening prayer by Rev. Dr. Salim Haider, followed by Bible reading by the school Jr. Supervisor Mrs. M. Dongre. The Ursula Choir led beautifully in the Praise and Worship. Intercessory prayer was offered by the Sr. Supervisor Mrs R. Bhingardive. Later Ps. Naresh Juthani spoke on the need of repentance and closer spiritual walk with God. It was a blessed time in the heavenly presence of God. Ps. Anup Salve said the closing prayer while vote of thanks was proposed by the school Administrator Mrs. P. Joseph. The Lenten prayer was held under the able guidance of the Principal Mrs. Rachna Singh.

April

Sunday	Monday	Tuesday	Wednesday	Thursday	Friday	Saturday
				1	2 Good Friday	3
4 Easter	5	6	7	8	9	10
11	12	13 Gudi Padwa	14 Ambedkar Jayanti	15	16	17
18	19	20	21 Ram Navmi	22	23	24
25	26	27	28	29	30	

List of important days in April 2021

- **April 2 - Good Friday** - Good Friday, the Friday before Easter, the day on which Christians annually observe the commemoration of the Crucifixion of Jesus Christ. From the early days of Christianity, Good Friday was observed as a day of sorrow, penance, and fasting, a characteristic that finds expression in the German word Karfreitag (“Sorrowful Friday”).
- **April 4 - Easter** - Easter, also called Pascha or Resurrection Sunday, is a Christian festival and holiday commemorating the resurrection of Jesus from the dead, described in the New Testament as having occurred on the third day after his burial following his crucifixion by the Romans at Calvary c. 30 AD.
- **April 13 - Gudi Padwa** - Gudhi Padwa is a spring-time festival that marks the traditional new year for Marathi and Konkani Hindus. It is celebrated in and near Maharashtra and Goa on the first day of the Chaitra month to mark the beginning of the New year according to the lunisolar Hindu calendar.
- **April 14 - Ambedkar Jayanti** - Ambedkar Jayanti or Bhim Jayanti is an annual festival observed on 14 April to commemorate the memory of B. R. Ambedkar, Indian polymath, chairman of constituent draft assembly and civil rights activist. It marks Dr. Babasaheb Ambedkar's birthday who was born on 14 April 1891.
- **April 21- Ram Navami** - Rama Navami is a spring Hindu festival that celebrates the birthday of the Hindu God Lord Rama. He is particularly important to the Vaishnavism tradition of Hinduism, as the seventh avatar of God Vishnu.

ACTIVITIES TO BE DONE IN THE MONTH OF APRIL

1. Sandwich bag compost.
2. Make your own terrarium.
3. Nature bugs.
4. What can you compost ?
5. Best out of waste.
6. Fancy dress.
7. Save the planet.
8. Endangered and Extinct species. An Insight.
